### EXAMINER'S AMENDMENT

Authorization for this examiner's amendment was given in a telephone interview with Stanley Fisher (Reg. #24,344) on 10/31/2005.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The Title of the Invention has been changed to:

"Disk Array Device with Utilization of a Dual-Bus Architecture Dependent on Data Length of Cache Access Requests."

As per claims 7 and 14, the term "out of use" has been replaced with the term "idle."

Claim 7 now reads:

7. The disk array device according to claim 5, wherein in case the transfer data length being set in said access request with the highest order of priority is longer than said predefined reference data length, and when any one of said two data buses is busy, said data transfer integrated circuit allocates a remaining one of said data buses which is idle with respect to the access request and then performs access to said cache memory.

Art Unit: 2186

Claim 14 now reads:

14. The disk array device control method according to claim 12, wherein in case the transfer data length being set in said access request with the highest order of priority is longer than said predefined reference data length, and when any one of said two data buses is busy, said step of selecting the data buses selects a remaining one of said data buses which is idle with respect to the access request.

#### **Reasons for Allowance**

The following is an examiner's statement of reasons for allowance:

Claims 5-7 and 12-14 (renumbered 1-6) are allowable over the prior art of record.

As per claims 5 and 12, the claims have been amended to included subject matter that was deemed allowable in the prior Office action, filed 7/28/2005. Each of claims 6,7,13, and 14, claim dependence to an allowable base claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
